HIGH COURT OF JUSTICE, JERUSALEM

Petition for a Declaratory Judgment and Interim Orders

1. Aviv Ben Yakir, ID 050846021 Kikar Zahorit 2/15, Eilat 8824201, Mobile 052-2707080, zeremor@gmail.com
2. Zerem Communication and Productions Ltd. Reg. No. 51-096814-2 (via Aviv Ben Yakir)

The Petitioners

(Additional petitioners will be joined hereinafter)

- against -

1. The State of Israel
2. Adv. Amit Iceman, State Attorney
3. Adv. Gali Miara-Baharav, Attorney General
4. Benjamin Netanyahu, Prime Minister
5. Adv. Yariv Levin, Minister of Justice
6. Adv. Isaac Herzog, President of the State
7. Justice Isaac Amit, President of the Supreme Court
8. Adv. Amir Ohana, Chairman of the Knesset
9. Rabbi Kalman Bar, Ashkenazi Chief Rabbi of Israel
10. Rabbi David Yosef, Sephardic Chief Rabbi of Israel

The Respondents

Additional Respondents: Ministers of the Government of Israel (via Respondent 3, the Attorney General), Members of the Knesset of Israel (via Respondent 8, the Chairman of the Knesset)

Content of the Petition

Verses of the Bible which Describe the Manner of Revelation of Jehovah/The Creator and the Abode of the Creator, the Image of the Redeemer and his Name, the Type of Knowledge that he will Reveal via his Intellect and Present to All Match Precisely the Details of my Testimony Regarding the Discovery of the "Merkava Method" and the Background Facts and Circumstances Today.....25

Summary of the Petitioner's and the Petition's Goals.....29

Legal Representation in this Petition and Circumstances of its Absence.....30

Petitioner's Proposal for the Manner of the Hearing (Not Included in the Petition....31

1. Background Facts Summary

I, Aviv Ben Yakir, the undersigned petitioner 1, an entrepreneur, researcher, filmmaker, inventor, justice-fighter, and author, am revealing and presenting herein a unique scientific discovery which I exposed and established since 2003 onwards: My discovery as Herald of Redemption – the Merkava Method – establishes scientifically and legally (inter alia) that the Bible was written as a computer-aided coded riddle. Solving the riddle gives Man the engineering method of the Creators' containment vessels – the Merkava Method – and alongside it, Creator's skills with the insight that reality/history has always been managed-staged according to a creation plan – a prewritten script.

Reality (an educational series) was pre-written to present at this time One man – the Redemption Herald – who was trained, guided, and enlightened to discover the Merkava Method as the Bible's Godly Secret message. His name, his mother's name and family name, his life history, and especially his scientific discovery and political-legal status up to date, match all redemption prophecies. Actual implementation of the method will realize the redemption prophecies regarding the End of Days and humanity's future of world peace, abundance, an end to worship, and a transition from religion to knowledge, elevation of human insight and skills, a direct connection between Created Man and his Creators, and the created life in the universe.

In addition, and as a complement to my testimony here in sections 6 and 7 below, "Summary of the Merkava Discovery", it is established that my life path was written and directed according to the creation plan as an introduction and preparation for my role as herald of the redemption and as background to the situation which today necessitates this Trial of Justice. My testimony and the body of the petition comprise hundreds of facts and evidence establishing this; below is their summary:

(1969-1974) Combat fighter and officer, survivor of two wars and the silent treason of Jewish patronage officials. 1974-1976 Headed West via London and New York, crossed the USA to study film in San Francisco. 1976-79 Assistant director (and redeeming pilot for a moment) in the film "Operation Entebbi", documented the Black Hebrews of Dimona for Israel's TV, and got censored; in Sinai windsurfed and dove, in Tel Aviv directed a short drama - "Rapture". 1979-81 In Eilat, I built and managed a successful pub, FACTORY, and wrote a screenplay, **American's Beach,** describing a 24-hour plot realizing a regional peace vision - inauguration of **"the Red Sea Peace Riviera"** - and the vision's destruction the next day. In 1981, I invested revenues from selling the pub in my film development and in recruiting actors and a distributor in the USA. In 1983, in Tel Aviv, I founded "Zerem Communication and Productions Ltd." and added my younger brother Adi, recently disabled by a car accident and very talented, as manager and junior shareholder. I had no idea that my brother was possessed by a profound jealousy and essentially possessed by a dybbuk to eliminate me. When the Israeli stock market crashed and investors withdrew, and the Film Fund cancelled its support for my film as senior Zionists intervened to block me as a rebellious creator, Adi created a fictitious rift and even threatened me with "elimination" due to my refusal to sell the script to him and his partner, the son of ex-Supreme Judge Haim Cohen. I returned to Eilat, my city of residence, to create the film in an alternative way. 1984 Obtained permits, purchased a scrap barge, and rebuilt a "Noah's Ark" which would operate as a club-restaurant and as a base for shooting the film. Adi assisted in renovating the barge in exchange for an agreed salary, should he disconnect from the company upon completion of the renovation. At that time, as treasurer, he sabotaged the renovation and delayed its completion. 1986-89 The barge "Pago Pago" opened for hosting and immediately flourished. Light flowed into the barge's space through a sail. Adi married Dina, a past lover and friend he met through me. As he wished to disconnect from me and

from "Zerem", he requested and received my approval to open a restaurant of his own. Meanwhile he is still the company treasurer and from the company's cash register he collects his "debt" for the renovation work, ostensibly under supervision of Adv. Shifman, Zerem's counsel, and a rogue "arbitrator" who will later be exposed as his partner in fraud. As CEO of "Zerem", I initiated and promoted, alongside the barge, a yacht club and floating hotel suites, and renewed the film production. Adi is disconnected from my activities in "Zerem" and remains a temporary cashier on the barge, ostensibly until the company's debt to him is paid off, without presenting an account to the company and the arbitrator. In 1990 in the USA, I married Lori, a film editor, and she joined my life in Eilat. My brother was still on the barge and conducting "arbitration" against me and still collecting the "debt" from the company without presenting an account. In retrospect it was discovered that he stole capital from the company's coffers and secretly submitted false balance sheets. Attorneys Moshe Shifman and Ariel Vago, advisors to Zerem and the "arbitrators," partners to the fraud, created a straw company for him. In retrospect, clearly they received in advance "immunity from above". 1991 After Adv. Shifman the "arbitrator" was revealed as a charlatan and "resigned"; his partner Adv. Vago produced a "partial arbitration verdict" in which he attempted to grant Adi and the straw company rights "out of thin air" in the barge and property registered and managed by "Zerem." Although this verdict was disqualified in court, my brother and the bribe-taking swindlers were not investigated despite my complaints to the police and the prosecutor's office, and the rogue "arbitrator" Adv. Vago was appointed as a judge. This appointment is not a mistake but a method: thus, the fraud nexus will be overlooked by the legal system and the prosecutor's office. 1992-2003 Judge Yitzhak Ben-Nai, brother to Yossi and Gavri Banai, was already a partner in the fraud and cover-up, and in his chambers and in my absence appointed a "trustee" for the management of the "restaurant" (there is no such asset) in the straw company (empty of content!), and in the next hearing he would appoint Judge (ret.) Shaul Aloni, younger brother of Nissim Aloni, as the "third arbitrator" (in a criminal affair clearly outside an arbitrator's jurisdiction!). And thus, the brothers of the creators of the skit "The Mobilized Car" set up their own version - "The Mobilized Barge". Robbed of the barge and my property in general, I was imprisoned in false detentions and accused by the Zionist establishment of a series of false charges, for example: "Intrusion in a place that is not a building", when it is clear that I stayed and

operated legally in the barge owned by me and which was robbed from "Zerem". Here I became a justice fighter, exposer of extreme corruption in Israel, yet hidden from the public by a pathetic and treacherous Jewish media. My homeland, Israel, is not a democracy but a concentration camp controlled from the outside. "Fundamental rights", “separation of powers, "checks and balances", "gatekeepers," and "rule of law" are false concepts for a stupid and ignorant public. The Jewish elect and their judges, servants of the Kabbal and Rothschild, oppress and deceive the public and attack me from every direction. And where will my help come from in the valley of the shadow of death against the global ruling Rothschild gang? Robbed of every right and persecuted, I document a corrupt Jewish establishment and confront it with complaints that are not investigated and in sham proceedings, and meanwhile raising two wonderful and healthy children, researching sailboat engineering and drafting, building and testing new vessels fit for wind surfing and gliding. By 2002 Lori had already established a base in New York, I still faced eighteen criminal sham cases and sued in civil sham cases. After a false and barren hearing at Zion’s (Rothschild) Hall of Justice before Prof. Aharon Barak, I flew to the US with my children. After six months I returned home alone, seeking justice, survival.

In 2003, after a year and again with my family in the USA, I formulated a patent application for my latest invention - the "Flying Pyramid" sailboat, the world’s fastest and most agile system so far. But then I discovered, in stages, a method for building and operating multi-sail systems, computer-operated, fit for generating wave-vibration, thrust and lift, and for routing-concentrating light radiation on a huge scale - and the main engineering principles of the "Merkava Method" and following that - the fact that the Method being invented is in fact a discovery - of the “Bible’s Secret” which was coded-hidden as a riddle: I discovered One Key to all biblical miracles, commandments, prophecies combined, the key to the Creator’s identity, his intent-spirit and his logic of operation. Only in retrospect, it became clear that unknowingly I climbed “a stairway to heaven" according to a written script initially aimed to reveal the implanted-coded knowledge within the Bible, and prepare me for heralding a new reality and a new era. From my return to Israel (2003) onwards, the discovery was examined from a theoretical-engineering aspect by the best scientists and engineers in Israel and from a biblical aspect also by senior rabbis, and received astonishment and awe reactions, without reservation or contradiction, but behold this is a "Jewish

wonder": After years it is still hidden from the public. Its exposure and actual implementation being jeopardized through a multi-partner crime nexus and a cover-up. Alongside my personal attack, Jewish rulers, judges, elect, and rabbis collaborate in treason and plunder, in lies and theft of blood and knowledge, in division, killing, destruction and their radicalization. The "Redeemer" subject of their "prayers" is a crucified, robbed, persecuted prisoner, again evacuated with his trailer from the Red Sea beach where he demonstrated legally, again arrested and accused of driving without a valid permit and imprisoned. "World Presidents and Kings" are aware of the Israeli redemption gospel and of the Jew's betrayal - of world's nations and of their Creator's Covenant – yet keep silent while the respondents here, state officials and their assistants, judges, present me as "insane" and "dangerous to the public" and imprison, suppress, and lead me "as lamb to the slaughter" while leading Israel's people and state, combined, to perdition. My situation vis-à-vis the Jews and their enslaving foreign rulers, Satans' servants, matches one-to-one Isaiah's 52, 53 prophecy (and in a more precise overlap than the Christian view of this prophecy as describing Jesus status, his trial, and crucifixion by a conquering regime aided by corrupt Jewish subjects...). Jesus, in his past "cinematic" role, was not the Messiah because he did not solve the secret and the riddle of the Bible and did not bring upon Redemption, yet his role in the Creation plan was essential and weighty: A leading actor in a general rehearsal preliminary to the current situation and to my role as the completer of Jesus' "partial, preliminary gospel" and its aftermath (crucifixion, a new religion, and millennia of preparations for a new fulfilled covenant with the Creator/s in respect of Judaism, Christianity, and Islam. Regarding this matter, see clarification in section 6. B. 7 below)

The Merkava Project:

An Israeli private-public project in origin, to be expanded to a global project

Publication Date: 12/02/2017

Merkava technology is applicable and ready for immediate development: Merkava structures capable of energy production-conversion, water desalination, flight in the atmosphere and in space, and superior observation capabilities, require components and knowledge that are available or capable of development and manufacturing. Not coincidentally – and as is required from the practical and spiritual/principal aspect of the discovery – for the examination of the technology and its development on a full

scale, forces and minds from fields of science and humanities exist in Israel. The Merkava Project will gradually formulate a network of knowledge and execution partnerships with scientists, corporations, and institutions in Israel and globally. Development of the first "molecules" systems – i.e., the "Flying Pyramid" sailboat, Angel Wings – can be completed in less than a year (no expert so far has challenged this estimate.) I aim to develop the technology as an integrated/staged private, institutional, national, and academic project, Israeli in origin. Realization of the project's initial stages will be followed by its expansion to a global project. Presentation of 'Merkava' practical results will enable Israel people and the state:

• As the Merkava's pioneering producer, to be the first to enjoy its implementation.

• To eradicate poverty, ignorance, polarization, discrimination, and corruption in Israel, and to create a state of justice, abundance, and brotherhood.

• To become the most significant exporter of knowledge (academic, scientific, technological, spiritual) in human history.

• To gain legitimacy and a leading global position.

• To solve the Middle East conflict and every world conflict in ways of peace and grace.

• To become a symbol – in the world and in the universe – of prosperity, peace, and human enlightenment. A light unto the nations.

The essence and plan of the project – see Chapter 6.

Petition for a Declaratory Judgment and Required Relief

2. At the head of the relief required here, the Court is requested for a judgment determining that my testimony, the plaintiff, presented in this petition as well as in the affidavits attached hereto as Appendices A, B, and C, in the films "The Secret of the Bible and the Redemption" attached as Appendix D, and on a dedicated website attached as Appendix E, presents, as relevant, truth facts only, my research findings and my discovery, and scientific, logical, and legal conclusions derived and established in many and complementary pieces

of evidence, a totality that was presented, inter alia, in proceedings where I was sued and appealed without being refuted by Respondents 1-5 and/or by judges of the Court, and according to my claim, is irrefutable.

3. My testimony subject of this petition is directly related to my discovery "The Merkava Method" (2003) and its components: A. To the background and manner of discovery, B. To the implications of exposing the discovery and its actual implementation on the public in Israel and the world, C. To the duty of the State of Israel and the respondents (and their successors in the future) which derives from the wording of the Declaration of Independence as the foundational document of the State of Israel – to assist me in exposing the discovery and realizing it – two actions that constitute together the realization of the vision of Israel's prophets, D. To the manner of suppression and blocking of the exposure of the discovery and prevention of its actual implementation through my personal attack and robbery-plunder of my rights by Respondents 1-5 and Court judges, E. To the powers and duties of the respondents, state institutions, the Knesset and the government, and the legality of their actions in the past and today in light of my testimony and in light of the judgment required here.

4. **Related and/or Derivative Proceedings:** My testimony here as well as the judgment and/or the relief required here may be required in related proceedings (and to render them superfluous as much as possible) in which the respondents, as well as their agents and/or successors in the future and governing bodies subordinate to them, will be required to act in accordance with them.

Local and/or foreign parties who may require the judgment required here:

The Commission of Inquiry into the Events of October 23 (if established), The Council of Citizens of Israel (when established, see below), The International Court of Justice in The Hague for Crimes against Humanity, The Israel Police, Courts, The State Comptroller, The Prime Minister's Office, The National Security Council, and Government Ministers and Ministries (Justice, Science, Defense, Education, Finance, Religions, Health, Population Registry, Transportation, etc.), Members of the Israeli Knesset and the Knesset Legal Advisor, The Collection and Enforcement

Agency, The Center for Traffic Fines Collection, The Israel Land Authority, Academic and Research Institutions, Insurance Companies, Banks, The Representative of the Catholic and Greek Church in Israel, The Islamic Council in Israel, The President of the Freemasons Lodge, The UN, The Jewish Agency for Israel, and others.

5. **Below are the components of my testimony:**

Appendix A – My main testimony affidavit from October 10, 2010, presented as a book titled "Herald of Redemption" and an accompanying letter, received by its addressees: Respondent 4, Prime Minister B. Netanyahu, the then Attorney General Y. Weinstein, the then Minister of Justice Y. Neeman, and the then President of the State S. Peres. The document is in the possession of Respondents 1, 2, 3, and 5 in this proceeding.

Appendix B – My affidavits from April 2, 2022, submitted to Respondent 3 the Attorney General as a complaint and received as complaint number 85136. Also, and in parallel, the affidavit was submitted by me as defence testimony in traffic cases that were consolidated. Respondents 1-5, who were joined as addressees, refrained from providing a response to the facts and claims.

Appendix C – My affidavit from October 3, 2022, submitted to Respondent 2 the State Attorney as a notice and complaint and a demand for investigation. Also submitted as supplementary defence testimony in the same traffic cases. Respondents 1, 3, and 5 were joined as addressees; however (except for confirmation of receipt from Respondent 2), they did not respond to the claims in a relevant response or at all.

Appendix D – Video film "The Secret of the Bible and the Redemption" (61 min, partial draft) presents and establishes the "The Merkava Engineering+Operation Method" as the secret of the Bible – engineering knowledge embedded in the core of the story and in the Hebrew language, in miracles, in commandments, and in Redemption Prophecies. The formulation of the Torah and the Bible is established as a riddle, a product of a plan that is a product of super-intelligence,

computing, and software. Given that many details of reality are written in the relevant verses in the Bible – my scientific discovery and my destiny as the solver of the riddle, the herald of redemption, my name Aviv Ben Yakir, my mother's name and family name, my life history and my situation as a prisoner crucified by the Zionist establishment, which enforce conducting of this Trial of Justice – reality is established as a product of a pre-written and staged Creation+Education Plan. The film is presented in the links below:
https://www.youtube.com/watch?v=4aCTWA9cn6A
https://www.youtube.com/watch?v=4aCTWA9cn6A&t=222s

Appendix E – My articles/publications on the website "The Merkava Project – The Project of the Future", examples in the links below:

• Discovery of the Merkava Method and the Merkava Project Website
https://merkava-project.com
1 • The Merkava Project in the Red Sea – The Project of the Future

Interviews with Prof. Avshalom Elitzur in examining the Merkava Method discovery

• On May 6, 2025 https://youtu.be/00kH9DiwpI8

6. The Merkava Method Discovery

A. From 2003 onwards, I presented to the respondents (and their predecessors in office) as well as in court, to the public, to experts in science and engineering and academic institutions, to members of the Government of Israel and the Knesset, and others, a multi-component scientific discovery of 2003 – "The Merkava Method". My discovery encompasses several fields and unites them:

- The engineering-physical field presents a method for building and operating containment vessels with super-capabilities in aviation and diving, in routing

radiation and energy, control over climate conditions, in travel and sustenance of human life in outer space, etc.

- The cryptographic field (decoding of encoded information) establishes without dispute that this engineering is the "secret" and the "answer" to the riddle implanted in the Bible and intended to be revealed at this time and in the circumstances here.
- The logical-deductive field presents a new interpretation established in many proofs regarding the identity of the Creator and his spirit/intent, the Torah of Israel and its destiny as a guide for man to acquire creation skills, a new insight regarding the structure of the universe and the manner of its management, and the fact that reality, nature, and human existence in the world (and in Israel) are a product of a pre-written educational creation plan.

In all the above contacts regarding my testimony and findings, including with Supreme Court and the HCJ and vis-à-vis the respondents, no contradiction and/or dispute was ever presented.

B. Main points of the discovery, in summary:

1. A revolutionary engineering method for building and operating spherical structures (globular structures) rich in physical capabilities: for routing and converting all radiation/energy and matter, for receiving and/or producing and/or launching frequency/vibration systems within a given Merkava system and outside that system and between Merkava systems spread in a given space. The method is based on a three-dimensional geometric assembly and connection of many wing-sail members, each built of a skeleton of seven arched telescopic tubes covered by a multi-capable sheet and therefore capable of optimal routing of current, vibration, and radiation – waves of Light, Wind and Sound. The application of the method is intended to release humanity from limitations and/or crises and existing barriers – in energy and human living conditions and habitation, in climate and environmental crises, in motion and travel over Land, at Sea, in the *atmosphere, and in* Outer Space, in understanding reality as created, and in connection with the universe and its created inhabitants.

2. The Merkava Method is encoded in the Bible and in the Hebrew language (and in additional languages) and is established as the secret of the Bible and the hidden layer within it. This One method is the solution and the answer to the secrets of the symbols of the "Tree of Knowledge and Tree of Life", to all the Biblical miracles, to all the commandments and all the worship structures and accessories in the Torah, to the riddles of King Solomon, HENCE to the identity of the Creator and to his secret intention/ spirit by the Covenant with his creations-Descendants, to the structure of "the Creator's Temple" which will be built by "the Messiah Sprout", and it is the response-solution-answer to the prophecies and the vision of redemption.

3. The human species was created-cloned-engineered (like planet Earth and Nature before it) by messengers-angels of a creator culture and/or several coordinated creator cultures ("Armies of Heaven"), these too were created and educated via the same method, and their creators too were created via it. It is reasonable and/or certain that planet Earth served as a "basic training and Universal qualification base" for previous human cultures

4. The universe is artificial, entirely created and managed as a living organism according to the same engineering method and the same supreme spirit-intent-plan: nature and every living cell, every creature, planet, moon, every star, black hole, galaxy, etc. – are created.

5. Reality and History experienced by the human species were written in advance and are staged according to an orderly educational creator plan. Formulation of the Bible was encoded (and accordingly dictated to prophets and scribes) according to computer software produced by the creation plan. Noah's Ark, the commandment of circumcision, "the Burning Bush" scene, "Parting of the Red Sea", the event of Mount Sinai, the Tablets of the Covenant, all Hebrew worship structures and accessories (the Temple-Tabernacle, the Menorah, the Ark of the Covenant, winged Cherubs, etc.) and the laws of Kashrut are merely symbols and hints to the Merkava Method knowledge and the Creator's skills.

6. Throughout the **"Earthly basic training", Man was destined to acquire experience, knowledge, training, insight**, and **wisdom** regarding reality and history/the past, regarding natural laws, Man and his limitations, regarding the

universe and Creation. A **common deception was deliberately embedded in the Three monotheistic religions,** i.e. in the Bible, the New Testament, and the Quran: Man was not created to **forever** worship his creator (via sacrifice and temple rituals, conquest and/or elimination of "infidels") but to develop, accumulate knowledge and insight, and at the end of his training, upon discovering the Merkava Method as the secret of Divinity-Bible-Redemption-Creation, to mature into a Creator, member of the “Divine Army”. The educational creation plan dictated a split and confrontation between religions and belief systems before connecting all to the Creator's knowledge and spirit-intent and the abolition of worship and religion. The Creator's plan for Man aimed from the start at a future of transition/elevation / Passover: from religion to knowledge, from belief to knowing, from wars to "covenant between the pieces”.

7. Evidence for reality being written in advance and staged: In the Hebrew tradition, a well-known song is etched: "Great joy, Aviv has arrived, Passover is coming". Given that the name of the herald who solves the secret-riddle of the Bible is "Aviv" and his gospel leads to the Passover of the collective to the next era, and his mother's name is "Rachel" and his family name is "Ben Yakir", and given that his scientific discovery and destiny, his life history, and his situation as a prisoner of Zion demanding a trial of justice and details of many other truths and reality are written in the relevant verses in the Bible – Hence Reality is established as a product of a pre-written Plan. Therefore, the undersigned alone and no other was written-destined to solve the Bible cipher riddle and to embody the role of "the Gospel Herald", "Servant of Jehovah Builder of the Temple", "the Messiah Sprout/Plant", ”Plant of Justice", "the Redeemer", and to unite all his known appellations and attributes: The Herald, the undersigned, is not a biological descendant of Joseph or David (and clearly such a descendant does not exist) and is not necessarily a reincarnated soul of Jesus, but a narrative-cinematic ‘Son’-continuer of his predecessors characters and their roles in the ‘Creation Plan Movie Script’: **The Herald is "Son of Joseph", also "Son of David", also "Jesus returning to life", and also the expected Mahdi in Islam:**

• As the herald and decoder of the Creator's code-secret, I was written as "Son of Joseph", solver of the Creator's riddles who was named "Zaphnath-Paaneah"(Heb. “Code Decoder”). Also, like Joseph, I was betrayed and sold by my brothers, sons of

my mother Rachel, and by my brothers, the sons of Israel in general. My family name "Ben Yakir" was intended in prophecy for Ephraim –Joseph's chosen son ("He is a precious son to me, Ephraim, since he is a delightful child" Jeremiah 31:20).

• The Herald is also "Son of David", a warrior guided by intellect, faith, and justice against a murderous, armed, giant Goliath – the global Capital, Plunder, and Slaughter Establishment. Like David, I was trained to aim and hit straight to the giant's forehead, my personal enemy and the enemy of the collective. The undersigned is a "shoot" (Netzer) to David, a grandson of a man (my mother's father), David, who was red-haired, short in stature, and had beautiful eyes. Like David, the Herald plays string instruments.

• At the same time, the Herald is also "Jesus returning to life" – in bringing to the whole world (not only to Jews) a state/reality of "Kingdom of Heaven" whose coming in the End of Days Jesus prophesied. Jesus is presented in Christianity as the "Son of God", whereas the Herald establishes that the human species in general – every person – is a son-descendant of God. Thus, he fully reveals the "New Covenant" reported in the prophecy of Jeremiah 31, 30 (and thereby realizes-expands-upgrades the gospel of Jesus/Christianity). Exactly like Jesus, the Herald, a man of justice, defiantly stands against corruption in Zion, and as a revealer of hidden truth, he is "crucified" and judged by a corrupt and occupied Jewish establishment. Like Jesus, he presents compassion and mercy towards the collective and towards his attackers. The miracles that the Herald "deciphered" by intellect and will perform in practice ("Parting" of the Red Sea, "Stopping" the sun's motion, landing the Creator's Vessel from heaven onto Jerusalem) are heavier in weight and wider in scope in respect of the miracles of Jesus.

• And given all this, the Herald is also the "Mahdi" from the religion of Islam. So answered those who understand the matter (example on the Wikipedia website) and so they will surely confirm.

8. "The Third / Last Temple" will not be built on land as a "Temple" building for worship, but will be assembled in the waters of the Red Sea ("Ezion Gaver") as a first prototype by Man of the "Creator's Vessel" like the one that descended on Mount Sinai in the past, wrapped and hidden in a cloud. As the legitimate herald, I

will build "Jehovah’s Temple/Vessel" – a Merkava structure – with the world’s top scientists and engineers, in a submerged state at sea, via a multi-national and multi-partner project. The Creator's Temple will be built as a system of spheres, each created by a unique geometric assembly of identical wing-sail members, whereas each inner sphere can rotate within an outer sphere. The structure, powered through spinning magnetic fields, vibration, and frequency, will emerge from the sea in a "parting" and take off. My team and I – some of whom will then don "Angel Wings" – will bring "the Creator's Temple" in flight to Jerusalem. Above Mount Zion we will lower it gently while human angels circle it. In this event, Humanity at large will see a prophecy fulfilled in created and pre-written reality, and will understand and internalize the spirit of the Creator and Man’s past as a created being whose initial destiny-future is as a Creator.

9. The next stage in human life on Earth dictates and heralds a "change of world order" – Humanity united and managed as an organic system, preparing for "Tikkun Olam" (Repair of the World) and the abolition of historical and present barriers/crises: Creation of global abundance, abolition of money, upgrading health and life expectancy, termination of religion and worship, of wars, destruction, plunder, and enslavement between and within tribes/nations and factions, management of continuous and fruitful contact with universal cultures under the guidance of the creation plan.

C. In conjunction with my scientific discovery, its connections and implications (summary in section 6.B above), my testimony here presents a broad and multi-partner crime nexus that has been conspired since 1992 onwards and is still being executed against me personally by senior officials of the government and judicial authorities in Israel. In 1992, Zerem Ltd. and I were robbed by the police and the state-prosecution when I was forcibly and violently removed from my vessel and property, which were created by me, registered and managed in Zerem Ltd. - a barge, ongoing profit from its operation as a restaurant and club, and operating permits and future development rights (property whose value then was at least seven million US dollars). As part of the robbery and fraud conspiracy, I was

attacked with false arrests, eighteen criminal sham indictments, and numerous civil sham proceedings. The crime nexus swelled and intensified from 2003 onwards - the date on which I first presented my discovery to senior government and law officials - and thus, for over twenty years it has been executed against the residents of Israel and the world through harming me, plunder of my rights as a citizen and as a human being, and suppression of my ability to present the discovery, to test it, and to implement it.

7. **The involvement of all judges and especially Supreme Court and HCJ judges in the crime nexus is detailed in my testimony**. Below is a summary:

A. The crime nexus was assisted by my younger brother as a straw man and included many civil and criminal proceedings, all without exception clearly sham proceedings in which my testimony was not disputed or refuted, whereas all the panel judges completely ignored my claims, evidence, and rights and ruled against me and Zerem Ltd., contrary to law and justice. All without exception knowingly assisted in crimes conducted against me and against Zerem Ltd, against my family members, and against the state treasury. The conspiracy partners are **more than two hundred lawyers, judges, and prosecutors** (Appendix C of my testimony here details their names).

B. From 1987 to 1992, I was led to a sham arbitration against my brother Adi, then disabled in his leg and, as later became clear, also disabled in his soul. Harboring profound jealousy towards me (accompanied by murder threats), Adi was seduced and recruited into the conspiracy to eliminate me, first by Supreme Court Justice (ret.) Haim Cohn and later by the judge's protégés, two lawyers in Eilat. This arbitration was used to defraud Zerem Ltd. (in which I registered and managed my property) and me by Zerem’s attorneys, and the "arbitrators" ostensibly, to steal the barge's profits and create a sequence of sham disrupted proceedings, in continuation of the fraud. The key fraud instruments were a "straw man" - my younger brother, who never claimed rights in my property or in Zerem Ltd., but only collected an alleged and fictitious debt - and a straw company "Pago Pago Eilat Ltd." registered by the "arbitrators-advisors" for fraud and which never held property or any rights. In retrospect. Dozens of judges knowingly assisted in operating this straw company (while it was in liquidation

proceedings) for the purpose of robbing my property, dividing it among the fraud partners, defrauding the state treasury, subjecting me to criminal and civil sham proceedings, and disrupting them. Most of these judges were promoted in rank. The crime and cover-up array was led from High Up (and in chronological order) by Deputy President of the Supreme Court (ret.) and then President of the Judges' Disciplinary Court Haim Cohn, by Supreme Court President Aharon Barak, and later by his successors Supreme Court Presidents Asher Grunis, Dorit Beinisch, Miriam Naor, and Esther Hayut. Asher Grunis (as a District Judge) and alongside him State Attorneys and previous Attorneys General to respondents 2,3 - Dorit Beinisch, Edna Arbel, Elyakim Rubinstein, Menachem Mazuz - all knowingly and maliciously assisted in the crime and cover-up nexus and all were promoted straight to the Supreme Court.

C. From 1992 (the date I was robbed, arrested, and accused) until 2003 (the year of exposing the discovery), 18 criminal sham indictments were managed against me. Many sham hearings were split and disrupted maliciously by predecessors of the respondents and judges of the Magistrate's Court in Eilat, the District Court in Beer Sheva, and the Supreme Court. Simultaneously, I was attacked in many civil sham proceedings. This general attack began and was followed by the disregard of the state-prosecution, the police, and any authorized body from my complaints and evidence regarding piracy, fraud, running a straw company, disrupting investigation and trial proceedings, defrauding the state treasury, etc. (see Chapter 7 in Appendix A) and served to execute the crimes and intensify them, for the continued robbery of my property and for my actual **elimination** as a citizen, as a flourishing entrepreneur and manager of a profitable company, and for inflicting sweeping harm to me in every aspect - law and justice, economy, creativity, family, society.

Continuation of my attack by Respondents 1-5 in the past and today via sham cases in traffic:

D. I am a careful and skilled driver and for 55 years almost without traffic offenses. I have never harmed a person or property. As part of the crime nexus above, in 1998 the Ministry of Transportation stopped sending me a license renewal form. In 2002, I was forced to take a test and get a license in the USA, valid for a year, but being forbidden to exit Israel, I was prevented from renewing it. Following the criminal sham indictments (in which I was acquitted in 2003 after years on grounds of "unfitness," whereas my defense was not adressed at all), the respondents initiated and managed additional sham cases against me for driving without a valid license. In retrospect, I was acquitted in these proceedings, again on grounds of "unfitness" whereas my defense was not discussed at all. Before that, while presented by respondents 2 and 3 and court judges as "most dangerous," I was imprisoned as a detainee first in a prison and thereafter in prolonged house arrests, and further threatened with imprisonment and forced psychiatric hospitalization, I was harassed in dozens of sham hearings in which "public defense" was forced upon me, clearly disruptive and harmful. Senior judges of Zion participated in the crime nexus:

E. In three traffic sham cases managed against me in the years 2020-2024 for driving without a valid license: Traffic Cases 5591-10-20, 9699-02-22, 918-04-22 in the Eilat Magistrate's Court, Traffic Appeal 12748-06-23 in the Beer Sheva District Court, my testimony here was not refuted and/or disputed by the prosecution or by the Magistrate, District, and Supreme Court judges including the then President Hayut. The latter dismissed, with sham reasons and nonsense, my appeal as a false detainee against the decision of the detention judge in Eilat not to remove himself. All the panel judges without exception ignored my testimony and my defense claims which were not disputed at all. At the end of a long and disrupted process from every aspect, I was acquitted on the ground of "unfitness" (an existing but secondary ground, a product of a false and/or negligent medical opinion and intentionally sabotaging representation by the counsel of the Public Defender's Office). Again, as in the preceding criminal proceedings, here too my main defense claims did not receive attention. The judgment included threats towards me and subjected me to a forced "medical supervision" (unnecessary according to all supervisors but still active after more than two years. The "medical report" on which the judgment ostensibly relied was hidden and is still hidden from me by contradictory, alternating decisions. Undoubtedly, it presented a heap of lies and deceptions - nonsense.)

F. In my **Supreme Court appeal in Cr.A. (Criminal Appeal) 1534-24,** my testimony was also not disputed by respondents 2-5 here: the Prime Minister, the Attorney General, the State Attorney, and the Minister of Justice. These were joined to the proceeding after they refrained from responding to a request to join them as those responsible for the crime subject of my testimony and for my attack and persecution including in the sham proceedings subject of the appeal. However, Justice Elron dismissed them from responding and appearing for a hearing and dismissed the appeal without holding a hearing, while presenting a false, absurd reason, contrary to law: my diagnosis as "suffering from mental illness" in the report on which the judgment subject of the appeal before him relied, wherein it was claimed that this report (a product of a short "Zoom" conversation) is flawed from every aspect and especially cannot be accepted as relevant to the facts, to the criminal sheet, and to the scientific and legal findings (a claim that was not disputed at all in the District Court appeal). Justice Elron refrained from addressing a reasoned request for further review of his decision.

G. In practice, Justice Elron assisted the respondents here in crimes of treason, fraud, and a sweeping breach of trust towards the state and public. Note: No section, or quote in my testimony, or in the said medical report, presented even a hint of "mental illness", likewise in the appeal brief placed before Elron, nor in this petition. The Merkava Method cannot be refuted as a legitimate scientific discovery capable of implementation and requiring implementation by me with the assistance of the State of Israel.

Additional traffic-oriented sham cases in which I am sued/accused today:

H. Following Justice Elron's decision above, respondents 2-5 initiated two additional sham proceedings charging me for driving without a valid license, which were consolidated into Traffic Case 2191-07-24 which is still "ongoing" and alongside it they initiated another sham administrative proceeding, also disrupted, in which I was presented as "dangerous" without a shred of evidence or reason, and at respondent 2 request I was banned from driving until their conclusion. All judges and justices of the Court in Eilat and Beer Sheva who tossed these files between them - about a

dozen judges and alongside them more than twenty prosecutors and "public defenders" - are aware of the previous judgment ‘mistakes’ and of the validity of my defence - which is my testimony here - and its public weight in general and especially regarding them; therefore, they intentionally disrupt the conduct. These judges threaten and are threatening me with prolonged imprisonment and/or forced hospitalization given my refusal to accept their ‘recommendation’ to present an "insanity" defence. Initially, the public defender (forced upon me) refrained from appealing two decisions of Judge Hagit Azulay-Edri, as agreed between us: The first decision in the administrative file - to ban my driving until the end of the proceedings, and the second decision in the main file - not to release herself as the panel member. Subsequently, he failed to submit my supplementary defence testimony in writing, as agreed between us – i.e., this petition’s draft and appendices. In the hearing, the judge prevented my submission of the document and cut off my oral testimony, not allowing a proper defence summation. The next day I submitted the document at the secretariat as my defence testimony while emphasising the counsel's default. Judge Azulay-Edri rejected/cancelled the attachment of my testimony to the file. In the next hearing, she presented a conviction judgment entirely ignoring my testimony and evidence. After releasing "my representative," she ruled that my sentencing arguments be submitted in writing. In my sentencing arguments again, I referred to my written testimony, which, as mentioned, was rejected by her as deficient testimony, and explained its relevance to the sentence. To date, I have not been summoned to receive a verdict.

Distortion of law and justice Summary, and how Court judges and the respondents are partners to the crime and treason nexus:

I. In all traffic sham cases, I established in testimony and via evidence, that at the time of the "driving acts" I acted legally and as required in a state of necessity, justification, self-defense, and defense by justice, as relevant, as I was, inter alia:

1. Obligated in every way and by every means at my disposal without limitation and at any given moment to thwart an extremely serious crime being committed by the respondents against the state and its citizens, against the Jewish people and the world public through my attack, hiding my discovery

from the public, and preventing its implementation, in a way that endangers public life, its safety, and property immediately and at any given moment.

2. Being exposed and subjected for 30 years and at the times of the alleged offenses to a series of crimes including piracy/robbery of a barge and attached property, fraud, exposure to many sham criminal and civil proceedings and their disruption, false imprisonments and life threats, physical and legal torture over years, sweeping denial of fundamental rights over years, deliberate damage to my children and family, and exposure to a crime nexus, in a way that endangers my life, my safety, and my property at any given moment. This is exactly my testimony in this petition, and no respondent or law person, including the Prime Minister, the Attorney General, the State Attorney, and the Minister of Justice, has confronted it in the appeal proceedings and can challenge here its correctness.

J. Today it is clear that had a legal judgment been given in the traffic case ordering an acquittal in light of these defence claims, **then the October 2023 massacre, the abduction of hostages, and tens of thousands of unnecessary victims would have been prevented.**

K. **Presentation of the Merkava Method Discovery to world nations, including the senior Islamic leaders of Iran, enabled then and still enables an agreement based on acknowledgment of the past split/rifts between religions as a product of an intelligent creation plan which previously dictated wars but today dictates unification, end of religious disputes, implementation of world peace, and end to any warfare.** Referring to section 6.B above, particularly to sub-sections 6.B.7, 6.B.6.

L. The remedy sought here will bring, inter alia, to cessation of warfare, the release of prisoners and hostages, and abolition of the sacrifice of unnecessary victims by parties to any conflict.

8. **Benjamin Netanyahu (“B.B”), Respondent 4, Israel’s Prime Minister**, is the crime and cover-up nexus leader (in Israel) throughout his term of office. To my best understanding, he was and still is the principal manager and principal beneficiary in Israel of this nexus, which enabled and still enables him to collect bribe money and

retain his rule through crimes, treason against the state, and the public. Below are several facts and circumstances establishing a sweeping, systematic criminal intent in Prime Minister Netanyahu's actions today and in the past, while committing treason, sweeping breach of trust, bribery transactions, obstruction of proceedings, and more:

A. In 1996, seven years before my Merkava Method Discovery, Netanyahu was already exposed to the "criminal-judicial" crime nexus executed against me and recognized my actions for exposing truth and justice in Israel as the most established and justified: I was summoned to his office as the most resolute critic, equipped with evidence regarding the crimes of Israel's judges and State Prosecution against me and against the public, as coordinated and subjected by a foreign element - the global capital, fuel, and arms establishment, i.e., **the Rothschild/Vatican Kabbal**. While at Netanyahu's office, his newly appointed Justice Minister Hanegbi promised me "I will end the failure in your matters when a new Attorney General is appointed," but when the crimes against me continued and intensified under the auspices of a new Attorney General - Rubinstein - and with the backing of the "promising" Minister (and simultaneously a criminal suspect and investigatee), it was established that the Kabbal jointly controls the senior government and judiciary officials in Israel and is responsible for the sweeping corruption status in Israel and particularly for the crimes against me. (These facts were detailed in Appendices A, B, and C of this proceeding, in my 10-10-2010 letter to Netanyahu, and in my traffic cases defence testimony).

B. Netanyahu is the initiator and supervisor of Forum 2020 at IAI (Israel Aerospace Industries), which in 2004 examined Merkava Method's main engineering principles and recommended its development (see page 11 in Appendix A) and was certainly updated about the meeting and the development recommendation, yet hid the discovery and suppressed my efforts to implement it, by proceeding with my attack.

C. From the date of his exposure to the Merkava discovery (2003-4), Respondent 4, Netanyahu, was aware that it is **a scientific, engineering, and cognitive solution that cannot be refuted to the riddle encoded in the heart of the Bible and Jewish religion**. Until then, Netanyahu hosted Bible quizzes at his

residence and/or supported their holding, but ceased this activity while silencing the discovery.

D. BB Netanyahu received from Rabbi Schneerson of Lubavitch a promise (and prophecy) that he would rule in Israel until the coming of the Messiah. Certainly, from that date onwards, this promise stood before him. It was established in his insight as correct, at these times and stages:

1) In 2003, upon receiving information as a minister about the filing of my patent application "Pyramid Merkava Wing-frame Sail Craft Systems" in the UK and the USA,

2) In 2004, upon receiving the Forum 2020/ IAI report regarding the engineering-technological aspect in the Merkava discovery. In light of this report, my role as the herald of redemption in a created, reported, and pre-written reality was certainly established by him through his acquaintance with my justice fighter activity prior to the discovery's exposure,

3) My role and destiny as the Herald was further established by him, without doubt, in light of my testimony under oath - in my book "Herald of Redemption" and my attached October 10, 2010 letter, copies of which were also received by S. Peres the State President, by J. Neeman Minister of Justice, by then Attorney General Y. Weinstein (receipt confirmations are included in Appendix B),

4) Upon receiving information regarding an extraterrestrial-human connection, which, inter alia, establishes the Merkava Discovery's Essence.

5). Hence, my name, my discovery, and my situation as detailed here were discussed between Respondent 4 BB Netanyahu and some of the respondents here, and in particular, Respondent 4's contacts with various foreign elements such as **US Presidents, the Rothschild family, the Catholic Pope(s), and those shadow organizations and institutions mentioned in section 9 below**. Hence, the relief sought against him and others in this petition is justified.

F. At the time of the October 2023 events, Prime Minister Netanyahu had already been managing the **Great Treason Conspiracy** subject of my testimony for over twenty years, during which he accumulated many **Millions** of bribe money with the knowledge and assistance of his foreign handlers, who had accumulated **Trillions**. Most certainly, the massacre and abduction of soldiers and civilians were initiated, prepared, and managed by Netanyahu as a **sole ruler** AND **foreign agent** exempted from gatekeepers' oversight, assisted by his subordinates-partners, among them the Attorney General(s) "gatekeepers", HCJ judges, and leaders of the "protests" (which were presented to the public in fraud as "his rivals"). The massacre and kidnapping event were pre-designed to display extreme brutality by "Hamas", then assisted by Respondent 4 and others, and to serve as a pretext for a "justified response" that would generate additional profits for Respondent 4 and his handlers/partners. (Plans for the "New Gaza" were held by Respondent 4 before the terror event). October 7 2023 massacre is a clear "false flag" operation. Its goals: distracting the Israeli and worldwide public from the main treason nexus - hiding the Merkava Discovery and disrupting its actual implementation, mass information disruption in Israel and globally, robbery of public funds and resources, and escalating a "permanent war situation" while conducting War Crimes.

G. From the aspect of **number of human victims and scope of plunder of resources under false presentations for the benefit of the world's plutocrats**, the great treason conspiracy that has lasted for over twenty years created capital profits (and conversely human suffering) many times greater compared to the products of the pinpoint treason conspiracy from October 2023 onwards. While holding the Merkava Discovery as a key to world peace and end of conflict between religions and nations, and hiding the discovery from the public and sabotaging its implementation, Prime Minister BB Netanyahu knowingly committed and still commits war crimes and genocide, treason against the State of Israel and its citizens, crimes against humanity, and fraud against the world's inhabitants.

H. Within the framework of the great treason conspiracy, Respondent 4, BB Netanyahu and his partners, including Respondent 5 and other ministers, HCJ judges, and Respondents 2 and 3 providing "gatekeepers'" cover up, collaborated and/or enabled many fraud, bribery and treason crimes, for example in the

"Submarine Procurement" affair, the Tax Authority affair, customs smuggling, election forgery and fraud, bribes from Qatar, procurement of the Corona "vaccine" and its coercion, selling intelligence and cyber weaponry to hostile elements, and more. "Disputes and confrontations" between the conspiracy partners presented to the public (on sham issues such as "Netanyahu's cases", "legal reform", "destruction of democracy", insubordination protests) and regarding "the Iran nuclear threat", the October 2023 "defaults", "efforts to retrieve the hostages", etc.) were just engineered "spins" - distractions aimed to defraud the public in Israel and in the world. In fact, **the State of Israel managed by the respondents, each according to his part and role, operated and still operates in every respect as a Crime Organization, controlled by a foreign and hostile element**:

I. Respondent 4 and other respondents are guided by **the Kabbal** - a global capital elite that also controls Israel's Parliament and Courts, likewise other countries, through shadow organizations - the **CIA, UN, WEF, WHO, IMF, CFR, Illuminati, the Freemasons, and others**. According to the Kabbal plan and its central **"Agenda 2030" and/or "New World Order" and "minimising" of the world's population**, and following their part in the "pandemic" fraud and coercion of "vaccines" (currently exposed as toxic), Respondents 2-7 executed and/or enabled, as relevant, the October 2023 massacre and the following War(s), betrayal of Israel State, Israel's citizens and residents, and escalation of global antisemitism and hatred of Israel, to promote the destruction and/or annihilation of the State of Israel, as a preamble to a **world government under the control of the Elite/Kabbal**, while suppressing and eliminating the rights of the collective and the individual in the world.

J. The Merkava discovery negates and eliminates the Kabbal's "Agenda 2030 and "New World Order" plan, as it presents an opposite and infinitely superior future, based on an upgrade of Man's common insight: that reality is created and conducted according to a creation plan, a close connection between Man and his Creator(s) and other universal civilizations. As abundance of energy and world peace are possible under the circumstances, this future defeats Satanic Capital Cult control of humanity through lies and corruption, generation of wars, terror, and plunder, artificial scarcity, etc. Relying on the Bible as a hinting- guiding-source, one can deduce that Satan - whether in the form of a "demon", an Elite cult, a plutocrats'

organization, or a leader acting on their behalf - is none other than an angel-messenger - actor in the Creator's film. Today Satan's "movie role" challenges Man with a survival threat, a test in morality, faith, and intellect, threatening destruction, wars, and plans for Man's imprisonment and/or elimination, and thereby encouraging the obligatory transition to the End of Days - starting with promoting the Merkava Discovery and Implementation.

(Given that Merkava Discovery negates and cancels "Agenda 2030", the "wars" conducted by Respondent 4 received **false, absurd and ridiculous titles** - "Iron Swords", "Gideon's Chariots", "Lion's Roar", "War of Revival" - which presented an opposing caricature to the State of Israel's true role and destiny, titles contradict the redemption prophecies "and they shall beat their swords into ploughshares" in fact presenting "a slap right to the face" of the Creation Plan and Israel's role by the Bible's prophets visions, in bringing peace and redemption to the world).

K. Respondent 4 held and holds in his possession information of immense weight, still hidden from the public (and possibly even from members of his government), which establishes **a firm connection between Universal Intelligent Life, Earth, and Humans.** (Reference: Prof. Haim Eshed, head of Israel's Space Agency (ret.) testimony regarding the existence of a "Galactic Council" and its Israeli activity, etc.). For dozens of years, this information was hidden and is hidden from the public via **a firm order by the Kabbal. Currently, US President confirms its existence with a plan to expose (part of it!) to the general public**. As this information complements the Merkava Discovery and further establishes it as legitimate, and given the pattern of reality and the Global State and Future derived from the Merkava Discovery, then Respondent 4, **on behalf of foreign patrons**, blocked and still blocks prime information from world public reach, while committing a breach of trust and treason.

Respondents 6, 7, 8, 9, and 10 are partners to the general failure and are required to respond to my testimony and to the petition:

L Respondent 6 Adv. Isaac Herzog, the President of the State of Israel, is aware of the crime and treason conspiracy subject of the petition and is a partner to it in the following ways: 1. Being a former addressee of my testimony at the focus of the petition while refraining from action as required by law and by his role, 2. As a

member of the WEF and actually assisting in the implementation of "Agenda 2030" and "thinning of the world's inhabitants", 3. As a member of the Freemasons order, which was initially founded around "the secret of the Temple" (previously hidden from its founders!) and actually around "the Merkava Method", but today operates in contradiction to its sours origin,

At this time, Respondent 6, as President, “considers” whether and how to grant Respondent 4, the Prime Minister, a pardon in his criminal trial for crimes which, despite their severity, are minor-marginal derivatives of Respondent 4's crimes alleged here, which are not included in the "considered pardon”. In light of this petition, it is appropriate that Respondent 6 the President of the State refrain from a sham action and misleading the public and perverting justice in the matter "considered by him" and support my proposal/demand in section 9 above the goals of which are, inter alia: A) To expand the scope of the Prime Minister's alleged crimes (subject of the pardon sought by him) to his alleged crimes subject of this petition, B) To expand the circle of those eligible for pardon to every respondent to the petition and/or other partner to the breach of trust and treason failures, whether acted knowingly and intentionally or negligently, C) To condition the proposed general pardon on a confession and acceptance of responsibility. These confessions will be examined and cross-referenced with AI assistance.

M. **Justice Isaac Amit, Respondent 7, the Honorable Supreme Court President**, is required to respond to this petition in light of the gravity and weight of the petitioners' claims against Court judges in general and Supreme Court Judges in particular. Also, as the Court President, Respondent 7 is required to a preliminary petition requiring hearing of the petition itself in the broadest possible panel: The Supreme Court President is defined by law as the senior jurist and the senior adjudicator in the State of Israel in every substantive dispute and/or failure in state matters and the legality of the state’s actions and actions of its employees including judges. This petition presents exactly such a failure, of **unprecedented gravity and implications.** As detailed in my testimony and in the complaints previously served to: Respondents 1-5, Respondent 6’s predecessors, Respondent 7's predecessors - the Supreme Court judges are principal participants in the crime nexus through their past "treatment” of the crimes and

sham proceedings which were initiated against me, and their failure to immediately terminate both. From the launching of the "affair" (1984 and no later than 1992), I was marked by both government and court systems controlled from outside as a "dangerous" creator (to the treacherous establishment), hence as a target for elimination. The facts and evidence breadth is spread out in Appendix A Chapter 7 of my testimony here – in my **"Herald of Redemption"** book, as well as in Appendices B and C to my testimony here.

Three complaints I submitted until 1996 against judges who collaborated in the conspiracy - about 30 judges - were not investigated or handled at all.

Two previous HCJ petitions I submitted focused on extreme failures by state employees to protect the law, my rights, and the public's rights, and these were dismissed summarily without being submitted for respondents' response. The first submitted before the discovery of the Merkava, was marked in the Justice Ministry (according to then-new Justice Minister, T. Hanegbi) as "the sharpest and clearest complaint by a citizen focusing on the legal system executives as responsible for the general state of corruption." The second expanded and focused mainly on the subject and crimes addressed in this petition.

In both cases, Supreme Court judges left the public exposed to plunder and fraud, hiding prime information, and the treason of its leaders-elect against Israel’s People and State, initially aided or started by their predecessors. Personally, they left me robbed of my ship, of financial property and of many fundamental rights, a victim of piracy, robbery, "crucifixion", sham proceedings, and elimination **conspiracy** started by their predecessors from 1984 (and the latest from 1992) onwards.

• Reference to my petitions HCJ 1195/97 and HCJ 1508/08 and to the decisions given therein - is there even a shred of law and/or justice implementation and/or a legal decision in a given dispute, in these decisions? Can anyone deny that these judgments are clearly invalid and/or criminal? Were they signed as required by law, and by whom?

• Reference to the Supreme Court President Aharon Barak decisions in Cr.A. (Criminal Appeal) 1338/02 and Cr.A. 2095/02. These establish his collaboration

with the crimes, which were clarified and undisputed in the cases brought before him.

N. **Respondent 8, Adv. Amir Ohana, Chairman of the Knesset**, is required to respond to the petition as he is: 1) An addressee of my notices regarding the Merkava Method discovery and the main points of my testimony, without any action on his part and even without a response, 2) As Chairman of the Knesset, Respondent 8 is required to transfer to the members of the Knesset of Israel without exception a copy of the petition, to allow each of them to join as an additional respondent or additional petitioner, and in any case to demand and receive from them a written response to the claims in the petition and the relief sought.

O. **Respondent 9 Rabbi David Yosef, the Sephardic Chief Rabbi, and Respondent 10 Rabbi Kalman Bar, the Ashkenazi Chief Rabbi**, are required to respond to the petition as they are together and separately public officials and the senior authorities in Israel on matters of the Jewish religion, the Bible, Halakha, End of Days prophecies, and redemption - and therefore on the claimed principles of the discovery of the Merkava Method and this petition. Therefore, Respondents 9 and 10 are each required to present and substantiate an objection to the content of my testimony and discovery and/or to the relief sought in the petition, and alternatively, to support the petition and the relief sought.

9. **A Collective Pardon Arrangement:**

In Appendix C of my testimony here – my October 3, 2022 complaint and notice to Respondent 3, the State Attorney - I referred to the special circumstances and the logic/reasoning dictating **a preliminary and conditional pardon proposal for the partners to the crime nexus** (despite the severity of their crimes). The following considerations stand at the base of this proposal:

A. These parties and their crimes were required and fulfilled a vital role in a staged-educational creation plan and in this Redemption Trial. (For example, they gave the public a first partial lesson in sobering up from a state of stupidity,

corruption, racism, separatism, and constant suppression - to the light and redemption: It is not for nothing that the people of Israel were written in the beginning to accept Respondent 4, Mr. (“BB”) Netanyahu as a worthy leader and perhaps even a "genius," and now to discover how the "chosen one" acted from the start as a CFR / Kabbal foreign agent, and in practice despised, humiliated, suppressed, deceived, poisoned, and robbed them with the aid of sham threats, lies, and intrigues, managing his rule as a crime organization under the auspices of his foreign operators and with the aid of the gown-wearers, and subsequently hid and concealed from them - his people - the Discovery of the Bible and Redemption Secret, blocked and bound the Herald, blocked the state of redemption and peace from the Hebrew people, and from citizens of the world, consistently fueled an eternal war, and sacrificed his peoples’ sons and daughters in the service of Satan / Kabbal and the Elite’s "New World Order", distorted truth, for the sake of monetary gain and power, with the intention of bringing destruction and holocaust upon the people and its state. The main lesson in sobering up comes in man's understanding that creation no longer requires of him sacrifice, worship, or slavery, but rather spiritual maturity, elevation in insight and skills, and a connection between a mature culture of descendants and its angels and the Creator of all.

B. The number of partners to the treason and lie conspiracy subject of the petition is very large. The list of respondents presents only a part of them, while additional parties acted and act as their partners to the crime or failure, whether knowingly and maliciously or negligently. The collective pardon arrangement will allow any person who may be involved in the crime or failure subject of the petition to present a response to any claims that have arisen or may arise against him in the future.

C. Such an arrangement implements in practice the principles of repentance and mercy embedded in Judaism and in the prophecies of redemption, alongside the elements of intellect and logic with which the Jewish people are endowed (are they?) and in any case, which it prides itself and adorns itself. The prophecy of redemption "Behold, my servant shall understand..." (Isaiah 52) refers first to the herald, the servant of the Lord, the "Messiah," who will understand and reveal the

secret of the Bible-Creation-Redemption through his intellect, and therefore "he shall be exalted and lifted" - on the Merkava Divine Wings. The arrangement proposed by me as herald - to the HCJ, to the respondents, and to the general public - is based on a broader interpretation of that same prophecy: "Behold, my servant shall understand" is also directed at the Hebrew people as a whole: Upon their understanding the herald's knowledge and following (Israel) after him, **the people too** shall be lifted and exalted.

D. This arrangement is essential for rapid and efficient stable-cleaning, will assist in the required legislative change, and will help eradicate corruption and the failure in the systems of the State of Israel and realize the destiny of the Hebrew people and the initial and prophetic destiny of Israel as a state.

In the absence of such an arrangement, the petitioners and the general public will be prevented from the practical possibility to realize in practice the remedies of the petition and in particular, to develop the Merkava Project in the Red Sea, as detailed in section 6.B.8 above and in the link below, Appendix D to the petition refers to it

https://merkava-project.com/המיזם-מרכבה-מיזם-העתיד

(Note: The link text in the source contains Hebrew characters.
Usually, URLs are kept as is).

E. In the past, Respondents 2-5 were required to relate to the pardon arrangement proposal but refrained from doing so. In any case, their response is required here alongside the response of all respondents.

10. **Limitations and restrictions forced upon me contrary to law, currently harming me and my activity, which are products of the respondents' failures and/or crimes:**

Denial of possession of my legal and profitable property which was robbed from 1992 onwards, denial of my right to professional and loyal legal representation, denial of the right t of defence against crimes, denial of the right to fair and legal judicial proceedings, denial of the right to manage a business and hold a bank account, denial of the right to develop and sell a product of my creations and to disseminate vital information to the public, denial of the right to receive donations,

denial of the right to leave the country's borders and hold a passport, denial of the right to drive a vehicle and hold a valid driver's license, exposure to a series of false imprisonments and threats and to a robbery, suppression, and elimination conspiracy, denial of the right to compensation from the National Insurance Institute as a company manager injured at work and who lost normative functional capacity, years of exposure to civil, criminal, and traffic sham proceedings, to the brute disruption of all and to extreme legal torture, denial of the right to demonstrate in a public area and expose vital information, exposure for over two years now to "medical supervision", clearly unnecessary (according to the supervising doctors), multi-year exposure to Execution Office proceedings, liens, and restrictions (Traffic Fines Collection center, Bank, Eilat Municipality, ILA, Cellcom Co.), harm to my good name and reputation as a researcher-discoverer, as a creator, as an entrepreneur, and in general, via the aforementioned sham proceedings and restrictions and via a fabricated and invalid "medical" opinion, harm to my family members' lives, and harm to my physical health.

11. The Greatest Treason by the Jews and its Outcome – Without a Justice Trial and Realization of the Vision of Redemption, the People of Israel and the State of Israel are Destined for Violent Destruction and/or Annihilation:

A. For over twenty years, "the Jews" (the respondents acting as their ostensible representatives) have been partners to a treason conspiracy, unprecedented in Jewish and world history. This is a betrayal of their covenant with the Creator and His spirit and the sole purpose (!) of the Hebrew people on behalf of the Creator - the dissemination of the "Light" of supreme knowledge to the world nations. When this treason intensified in the "events of October 2023," hatred of Israel and/or the Jews in the world increased to an extreme degree and now stands to be exposed as understandable and justified. These facts and many additional facts are written in the prophecies of the Bible and match the current reality.

B. In the existing state of treason, the State of Israel has no right to exist and no legal status vis-à-vis its citizens and vis-à-vis the world nations, whether as a "democracy" and/or as a legitimate political and military entity and/or as a branch of the Jewish people, which is obligated to protect it. The same applies regarding the authority of the respondents here to rule and manage the state, authority obtained by

fraud and implemented by fraud and breach of trust, as the respondents act knowingly and intentionally against the good of the state and against its declared destiny in the Declaration of Independence and against the citizens of Israel and the inhabitants of the world.

C. When the secret of Divinity and Creation, Judaism, Christianity, and Islam is revealed and clear to all and dictates an end to religion, worship, and symbols - the only possible existence in the future for the State of Israel as a Jewish entity requires initiative and action for voluntary dismantling and the construction of a new structure in the manner of " Israel Cocoon will spread Divine Butterfly-Wings over the nations of the world, where these Wings were destined for all from the start ": Israel as a state will declare a commitment to the elevation of humanity and its unification through the realization of the End of Days vision-plan - *"Nation shall not lift sword against nation, neither shall they learn war anymore,", "For the earth shall be full of the knowledge of the Lord, as the waters cover the sea."*

Inspired by the Merkava discovery and the creation plan, representatives from the world's nations will be invited to Jerusalem to discuss establishing a global system of management. This system will serve as the comptroller-general of the State of Israel for managing Israel's civil affairs and residents, while simultaneously serving as the comptroller-general of member governments of the world, for managing their residents and the planet.

D. This goal will be presented at the Citizens' Assembly and before the citizens of Israel in general and will be examined in elections to be held after the dissolution of the Knesset (see section 12 below).

12. **The Relief Sought in this Petition against the State of Israel and the Respondents jointly and each severally.**

This relief is required and necessitated from every aspect - global, national, legal, managerial, preservation of life, and prevention of a possible and intensifying disaster. The situation matches exactly the prophecy according to which in the End of Days the Creator and His plan will be revealed to all in a Justice Trial (see section 13 below). As the first remedy in the petition, the Court is required to

make a positive determination in a declaratory judgment establishing that my testimony regarding facts, events, and circumstances is truthful testimony without reservation, and that my testimony regarding the Merkava Method Discovery (hereinafter "the Discovery") is supported and established by many and complementary evidences, and in practice is irrefutable, and as such requires practical examination and actual implementation.

In the Declaration of Independence, the foundational document for the establishment of the State of Israel, it is written: ***"...The State of Israel will be based on the foundations of freedom, justice, and peace in the light of the vision of Israel's prophets; will ensure complete equality of social and political rights to all its inhabitants irrespective of religion, race, or sex," ..."We call upon the Jewish people throughout the Diaspora to rally around the settlement in Aliyah and construction and to stand by it in the great struggle for the realization of the age-old aspiration - the redemption of Israel."***

Given that the State of Israel is a governing system representing the Hebrew people and its biblical and prophetic heritage**, interim orders are required instructing the state and the respondents, each according to his role and duty, to act as follows:**

A. An order instructing Respondent 1, the State, to publish a public notice signed by Respondents 2-7 regarding the discovery of the Merkava Method and my role as the herald of redemption as irrefutable, and that in accordance with the Declaration of Independence, the State of Israel is obligated to realize the vision of Israel's prophets and the realization of the redemption of Israel using its best means. This declaration will be accompanied by: 1. Immediate cessation of warfare and release of prisoners and detainees, 2. Announcement of the dissolution of the Knesset, and 3. Convening of the public and the Council of the People (see section C below) and any relevant body to present support for the discovery and its development, or reservation from its content and formulation and/or from the method of its implementation presented.

B. An order instructing the respondents jointly and each respondent separately (and/or his replacement in office) to assist me as herald and the public in general in the test of the Merkava Method and its actual implementation through the Merkava

Project, and in any manner and channel required. The Merkava development project is presented in section 6.B.8 above and in the link below:
https://merkava-project.com/מיזם-המרכבה-מיזם-העתיד

C. An order instructing each of the respondents, according to his authority, to assist in convening a Civil Council / Council of the People for the purpose of formulating a constitution and national, global, and universal goals in accordance with the components of the discovery and the destiny of the Hebrew people in the creation plan - the dissemination of the light of supreme knowledge to humanity for a transition-leap-Passover to a new era. The mechanism for registering candidates for the Council, their examination, and the approval of the elected will be managed with maximum transparency and documented with AI assistance.

D. An order instructing every respondent to present to the Court information in his possession that is directly or indirectly related to the Merkava discovery and its implementation, to contact with extraterrestrial culture(s) and/or any foreign element related to the discovery and/or to my personal situation as the revealer of the discovery.

E. An order instructing Respondents 2-7, each according to his authority, to immediately cancel restrictions imposed upon me the herald, involving harm to the law, my rights, and my function and well-being as detailed in section 10 above, and to compensate me for damages to body, soul, and property, exposure to torture, and functional disability forced upon me due to the actions and failures of the respondents and their agents. An advance payment in the amount of 25% of the expected compensation amount under the circumstances will be transferred to the petitioners immediately, and this will be routed to the initial financing of the Merkava Project. The final general compensation amount will be determined by the Council of the People, and this too will be routed to the financing of the Merkava Project and its engineering, media, and public components. In order to reduce the cost of compensation from the state treasury, a "Justice Fund" will be established, which will act to collect the debt of the respondents and their associates towards me, towards the "Zerem" company, and towards the public, and transfer the consideration to its worthy destination in the Merkava Project.

The order sought will instruct the State and Respondents 2, 3, 5, or their replacements, and every minister in the government, each according to his role and authority, to act immediately to remove every limitation from among those detailed in section 10 above, and inter alia:

1. Respondent 5, the Minister of Justice: a. Will instruct the Legal Aid Department to appoint an external trustworthy attorney for the ministry to assist me in managing this petition and realizing its sought remedies, b. Will order the cancellation of any restriction in managing the affairs of Petitioner 2, Zerem Company, and/or in my roles as the company's manager, to the extent such a restriction exists in the Ministry of Justice.

2. Respondents 2 and 3 will notify the Court of the cancellation of the pending traffic indictments against me and the cancellation or termination of the validity of the order for medical supervision issued against me in a previous traffic proceeding, as described in summary in section 7.F, G above.

3. In a notice to the Execution Office, Respondent 2, the State Attorney, or someone on his behalf will accept responsibility for any debt of mine, Petitioner 1, in the Execution Office, whether the debt is real, distorted, or fictitious, will recommend checking the legality of the debts, and in any case will bring about the immediate cancellation of these Execution Office files.

4. The Ministers of Transportation and the Interior will each order, according to his authority, to issue for me a valid driver's license without reservation or condition, and to issue for me a new valid passport in place of the one whose validity has expired, and ensure the cancellation of a travel ban order to the extent such an order is pending.

13. Below are verses of prophecy relating to my role and status in this trial:

"Zion shall be redeemed with judgment, and they that return to her with righteousness." - Isaiah 1:27

"And in mercy shall the throne be established: and he shall sit upon it in truth in the tabernacle of David, judging, and seeking judgment, and hasting righteousness." - Isaiah 16:5

"Thus, saith the Lord, keep ye judgment, and do justice: for my salvation is near to come, and my righteousness to be revealed." - Isaiah 56:1

"Behold, the days come, saith the Lord, that I will raise unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth." - Jeremiah 23:5

"In those days, and at that time, will I cause the Branch of righteousness to grow up unto David; and he shall execute judgment and righteousness in the land." - Jeremiah 33:15

"Thus, saith the Lord God; Let it suffice you, O princes of Israel: remove violence and spoil, and execute judgment and justice, take away your exactions from my people, saith the Lord God." - Ezekiel 45:9

14. Fact: All Bible verses which describe the manner of revelation of Jehovah/The Creator and the abode of the Creator, the image of the Redeemer and his name, the type of knowledge that will be revealed in his intellect and presented to all, his special skills, and his situation-status vis-à-vis the people and its judges and the presidents and kings of the world, match with great precision the details of my testimony regarding "the Merkava Method" as the secret of the Bible and regarding the background facts and circumstances today.

A. The place of the Creator / Jehovah is described as disguised in "thick cloud" and "cloud", as a hint to the structure and capabilities of Jehovah's Dweling Place ": A Merkava structure above Mount Sinai is capable of dispersing around it mist, smoke, and lightning, appearing to observers as a cloud; that same structure is capable of operating as a loudspeaker of immense power.

Exodus 19:9: "And the Lord said unto Moses, Lo, I come unto thee in a thick cloud, that the people may hear when I speak with thee, and believe thee for ever. And Moses told the words of the people unto the Lord."

Exodus 19:16: "And it came to pass on the third day in the morning, that there were thunders and lightnings, and a thick cloud upon the mount, and the voice of the trumpet exceeding loud; so that all the people that were in the camp trembled."

Exodus 24:15: "And Moses went up into the mount, and a cloud covered the mount."

Exodus 24:16: "And the glory of the Lord abode upon mount Sinai, and the cloud covered it six days: and the seventh day he called unto Moses out of the midst of the cloud."

Exodus 24:18: "And Moses went into the midst of the cloud, and gat him up into the mount: and Moses was in the mount forty days and forty nights."

Exodus 33:9: "And it came to pass, as Moses entered into the tabernacle, the cloudy pillar descended, and stood at the door of the tabernacle, and the Lord talked with Moses."

Exodus 33:10: "And all the people saw the cloudy pillar stand at the tabernacle door: and all the people rose up and worshipped, every man in his tent door."

Exodus 34:5: "And the Lord descended in the cloud, and stood with him there, and proclaimed the name of the Lord."

Exodus 40:34: "Then a cloud covered the tent of the congregation, and the glory of the Lord filled the tabernacle."

Exodus 40:35: "And Moses was not able to enter into the tent of the congregation, because the cloud abode thereon, and the glory of the Lord filled the tabernacle."

Exodus 40:36: "And when the cloud was taken up from over the tabernacle, the children of Israel went onward in all their journeys."

Isaiah 14:14: "I will ascend above the heights of the clouds; I will be like the Highest."

Isaiah 19:1: "The burden of Egypt. Behold, the Lord rides upon a swift cloud, and shall come into Egypt: and the idols of Egypt shall be moved at his presence, and the heart of Egypt shall melt in the midst of it." Psalms 104:3: "Who layeth the beams of his chambers in the waters: who maketh the clouds his chariot: who walketh upon the wings of the wind." Job 36:29: "Also can any understand the spreading’s of the clouds, or the noise of his tabernacle?"

B. How and where in the Bible does "the Herald" / "the Messiah" appear and is described?

Isaiah 61:1: "The Spirit of the Lord God is upon me; because the Lord hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the broken-hearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound."

Isaiah 11:1-9: "And there shall come forth a rod out of the stem of Jesse, and a Branch shall grow out of his roots: And the spirit of the Lord shall rest upon him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and of the fear of the Lord; And shall make him of quick understanding in the fear of the Lord: and he shall not judge after the sight of his eyes, neither reprove after the hearing of his ears: But with righteousness shall he judge the poor, and reprove with equity for the meek of the earth: and he shall smite the earth with the rod of his mouth, and with the breath of his lips shall he slay the wicked. And righteousness shall be the girdle of his loins, and faithfulness the girdle of his reins. The wolf also shall dwell with the lamb, and the leopard shall lie down with the kid; and the calf and the young lion and the fatling together; and a little child shall lead them. And the cow and the bear shall feed; their young ones shall lie down together: and the lion shall eat straw like the ox. And the sucking child shall play on the hole of the asp, and the weaned child shall put his hand on the cockatrice' den. They shall not hurt nor destroy in all my holy mountain: for the earth shall be full of the knowledge of the Lord, as the waters cover the sea." Isaiah 11:10: "And in that day there shall be a root of Jesse, which shall stand for an ensign of the people; to it shall the Gentiles seek: and his rest shall be glorious."

Jeremiah 33:15: "In those days, and at that time, will I cause the Branch of righteousness to grow up unto David; and he shall execute judgment and righteousness in the land."

Isaiah Chapter 52:1-15: "Awake, awake; put on thy strength, O Zion; put on thy beautiful garments, O Jerusalem, the holy city: for henceforth there shall no longer come into thee the uncircumcised and the unclean. Shake thyself from the dust; arise, and sit down, O Jerusalem: loose thyself from the bands of thy neck, O captive daughter of Zion. For thus saith the Lord, Ye have sold yourselves for nought; and ye shall be redeemed without money. For thus saith the Lord God, my people went down a foretime into Egypt to sojourn there; and the Assyrian oppressed them without cause. Now therefore, what have I here, saith the Lord, that my people is taken away for nought? They that rule over them make them to howl, saith the Lord; and my name is continually blasphemed every day. Therefore, my people shall know my name: therefore, they shall know in that day that I am he that doth speak: behold, it is I. How beautiful upon the mountains are the feet of him that bringeth good tidings, that publish peace; that bringeth good tidings of good, that publish salvation; that saith unto Zion, Thy God reigned! Thy watchmen shall lift the voice; with the voice together shall they sing: for they shall see eye to eye, when the Lord shall bring again Zion. Break forth into joy, sing together, ye waste places of Jerusalem: for the Lord hath comforted his people, he hath redeemed Jerusalem. The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God. Depart ye, depart ye, go ye out from thence, touch no unclean thing; go ye out of the midst of her; be ye clean, that bear the vessels of the Lord. For ye shall not go out with haste, nor go by flight: for the Lord will go before you; and the God of Israel will be your rearward. Behold, my servant shall deal prudently; he shall be exalted and extolled, and be very high. As many were astonished at thee; his visage was so marred more than any man, and his form more than the sons of men: So, shall he sprinkle many nations; the kings shall shut their mouths at him: for that which had not been told them shall they see; and that which they had not heard shall they consider."

Isaiah 53 (implied in the continuation of text): "Who hath believed our report? and to whom is the arm of the Lord revealed? For he shall grow up before him as a tender

plant, and as a root out of a dry ground: he hath no form nor comeliness; and when we shall see him, there is no beauty that we should desire him. He is despised and rejected of men; a man of sorrows, and acquainted with grief: and we hid as it were our faces from him; he was despised, and we esteemed him not. Surely he hath borne our griefs, and carried our sorrows: yet we did esteem him stricken, smitten of God, and afflicted."

Zechariah Chapter 6:12-13: "Thus spoke Jehovah's Armies, saying, Behold the man whose name is of a Plant; and below him shall grow up Jehovah's Vessel: and he shall build Jehovah's Vessel; and he shall bear the glory, and shall sit and rule upon his throne; and he shall be a priest upon his throne: and the counsel of peace shall be between them both." (My translation here is more accurate than the common one)

> The only Bible verse where the Herald / Messiah is described as the builder of "Jehovah's Dwelling Place " (also "Vessel", no mention of "Beit Hamikdash," i.e. worship temple) contains several hints regarding: the builder's NAME, the Nature of the building as a PLANT, and its position during construction BENEATH the builder. Here are the facts: A. My name, "Aviv," is the Biblical name for wheat, the first of the seven biblical Promised Land food plants, and the first to ripen. B. "Aviv" is the one plant that the Israelites are commanded to anoint with oil and offer to Jehovah/ the Creator on the Shavuot holiday, celebrating the receiving of the Torah. C. Jehovah's Vessel (Merkava structure) is compared to a plant, as it is created by joining wing organs, like joining leaves. D. Assembly of these "leaves" to co-central spheres, counter-rotatable, which form the Merkava Vessel, will be done in seawater, below the builders who are on the sea surface.

Zechariah Chapter 9:9-10: "Rejoice greatly, O daughter of Zion; shout, O daughter of Jerusalem: behold, thy King cometh unto thee: he is just, and having salvation; lowly, and riding upon an ass, and upon a colt the foal of an ass. And I will cut off the chariot from Ephraim, and the horse from Jerusalem, and the battle bow shall be cut off: and he shall speak peace unto the heathen: and his dominion shall be from sea even to sea, and from the river even to the ends of the earth."

Zechariah 8:23: "Thus saith the Lord of hosts; In those days it shall come to pass, that ten men of all languages of the nations, shall take hold of the WING of a Jew, saying, we will go with you: for we have heard that God is with you."

The accepted interpretation until now: "WING of a Jew" -relates to the coat's wing/corner of every Jew as such at the coming of the redemption.

The new and correct interpretation leads to the Merkava Wing-Organ (the secret behind the religious symbols of the Seven Days of Creation, Covenant of Circumcision, Menorah of the Tabernacle, Counting of the Omer, etc.), which will come from a Jewish man. The Merkava Wing-Organ that this Jew will build and present will connect every person to the Creator, to His skills, and to the Creator's covenant with all human beings.

Exodus 19:4: "Ye have seen what I did unto the Egyptians, and how I bare you on eagles' Wings, and brought you unto myself." (preferred translation - dropped down Wings)

Here is a hint/lead to the execution method of the "Parting of the Red Sea": For the performance, angels - the Creator's /Jehovah's Army - lower a cluster of remotely controlled Merkava Wings to the Red Sea; these are arranged in parallel rows at the designated site and then submerged, ready for the signal. A "pillar of fire" leads the people to the site. Upon the commanded signal by Moses (a guided emissary), the sheet/diaphragm wrappings of the transparent (Divine) Wings are inflated with compressed air, and the wings emerge from the sea in parallel, whereas each wing's opposite sheet/diaphragm side is flat as a wall and contains a thin layer of water, with each row attached to the opposite row. The wings float like barges, and between them (above the sea surface!) a passage forms between "two walls/tablets of water." After the Hebrew people pass and the Pharaoh's army penetrates the passage, the barges are sunk in the sea, and Pharaoh's chariot army drowns. (See video "The Secret of the Bible and Redemption" in Appendix D). At the end of the event, unnoticed, the wings will take off and reassemble the Merkava structure from which they were dismantled for the performance. Each Merkava Wing has an inner skeleton of seven tubes/poles, and each tube/pole contains seven tubes/poles. After seven weeks,

forty-nine days, on Mount Sinai, Moses will receive from Jehovah/The Creator a plain symbol hinting at the floating Creator's Wings, the Exodus, and salvation from Egypt - "Tablets of the Covenant" - upon which "Ten Commandments" are engraved (Hebrew has identical spelling for Commandments and Barges).

C. **In the End of Days prophecies, "Mount Zion" includes "the Temple / Tabernacle of Jehovah". Therefore, only when "the Temple of Jehovah" descends to earth from the sky will "Mount Zion" be raised and lifted above the surrounding hills.**

2 Kings 19:31: "For out of Jerusalem shall go forth a remnant, and they that escape out of mount Zion: the zeal of the Lord of hosts shall do this."

Isaiah 2:3: "And many people shall go and say, come ye, and let us go up to the mountain of the Lord, to the house of the God of Jacob; and he will teach us of his ways, and we will walk in his paths: for out of Zion shall go forth the law, and the word of the Lord from Jerusalem."

Isaiah 4:5: "And the Lord will create upon every dwelling place of mount Zion, and upon her assemblies, a cloud and smoke by day, and the shining of a flaming fire by night: for upon all the glory shall be a defence."

Isaiah 8:18: "Behold, I and the children whom the Lord hath given me are for signs and for wonders in Israel from the Lord of hosts, which dwelleth in mount Zion."

Isaiah 10:12: "Wherefore it shall come to pass, that when the Lord hath performed his whole work upon mount Zion and on Jerusalem, I will punish the fruit of the stout heart of the king of Assyria, and the glory of his high looks."

Isaiah 10:32: "As yet shall he remain at Nob that day: he shall shake his hand against the mount of the daughter of Zion, the hill of Jerusalem."

Isaiah 16:1: "Send ye the lamb to the ruler of the land from Sela to the wilderness, unto the mount of the daughter of Zion."

Isaiah 18:7: "In that time shall the present be brought unto the Lord of hosts of a people scattered and peeled, and from a people terrible from their beginning hitherto;

a nation meted out and trodden under foot, whose land the rivers have spoiled, to the place of the name of the Lord of hosts, the mount Zion."

Isaiah 24:23: "Then the moon shall be confounded, and the sun ashamed, when the Lord of hosts shall reign in mount Zion, and in Jerusalem, and before his ancients gloriously."

Isaiah 29:8: "It shall even be as when a hungry man dreamed, and, behold, he ate; but he awaked, and his soul is empty: or as when a thirsty man dreamed, and, behold, he drinketh; but he awaked, and, behold, he is faint, and his soul hath appetite: so, shall the multitude of all the nations be, that fight against mount Zion."

15. I am not a religious person, and I have never met the Creator, an angel, or an extraterrestrial entity, nor have I received a divine message by voice, speech, or dream. My testimony regarding the discovery of the Merkava Method and my role as herald is based on a broad, multidisciplinary collection of evidence that unites all fields, which cannot be random and establishes the existence and control of a Super-Plan containing an all-encompassing riddle and solution-answer to the key questions in the Bible and religion, in science, and regarding the origin and essence of the reality of human existence on planet Earth and in the universe.

For the removal of any doubt, I have no desire nor intention to reign and/or to be anointed with oil, and/or to take revenge on my oppressors, nor to accumulate vast wealth. My goals – the revelation to the general public of the Reality and Knowledge of Truth, given the excess of deceptions, barriers, and limitations, and the actual realization, for the sake of the general public, of the vision of the End of Days, of the Creator's skills and spirit, and the destiny of the people of Israel and its state, and my own destiny in the creation plan. I act as an emissary of Creation to establish before everyone in the world its control over all that exists and to realize the spirit of the Creator and his intention regarding the created human: Elevation in insight and skills, repair of the world, connection to the Creator, and to the creation plan in the universe.

16. In this court, I represent myself, Zerem Communication and Productions Ltd., and the public in Israel and the world. The absence of representation was

created by the respondents as detailed in my testimony and in the petition, intentionally and contrary to law in the following manner:

A. Through the robbery of my property and personal rights alongside the rights and property of the "Zerem" company, our joint exposure to initiated limitations, and leaving us without financial means for representation.

B. Agents of Respondent 5, Adv. Y. Levin in the Ministry of Justice, Department of Legal Aid, denied legal aid to which I am entitled by law as a person with limited means.

C. Despite the unique circumstances – and/or because of them – to date I have not yet received a representation offer from any private attorney in Israel. (Is this fact confirming cowardice and treachery by the guild of robe-wearers alone, or of the inherent qualities of the Hebrew people in general?)

D. Names and details of additional parties, should they join the proceeding as petitioners or representatives, will be added to the Court file.

17. This petition is written by me without receiving legal advice for that purpose. The facts, claims, and insights presented in the petition and its appendices are facts, claims, and insights of truth without reservation. Should I be required to provide a signed affidavit in addition to the signed Appendices A, B, and C, I will do so.

18. It is proper and just to accept this petition in full and to grant the petitioners and the public the full relief sought therein.

Aviv Ben Yakir, the Herald of Redemption

Ezion Gaver / Eilat 21.5.2026, Eve of Shavuot, 5th of Sivan 5786

Below is my proposal for the manner of the hearing in the petition:

In light of the importance of the subject in dispute – above any subject brought to the decision of a court since time immemorial and especially this Court – and in light of the number of respondents and their roles in the systems of the State of Israel, and considering the rights of the parties and the public – below is the proposed manner of conducting the hearing in this petition as is logical and required in the circumstances:

The Court file shall be open and accessible to the public on the internet, the hearings in it shall allow the presence of media, shall be made accessible to the public via live broadcast, and shall allow the parties to the petition active participation and arguments, in the Court and/or in an alternative and suitable hall and/or via video, according to the Court's instructions.

Upon receipt of the petition (15 days), every respondent shall submit a response containing consent, objection if one exists, reservation, or query regarding a factual, scientific, or legal component in the petition and/or regarding the relief sought. The respondent shall also relate to his part in the past and today, if such exists, in the failure(s) to treat the discovery and/or the petitioners, whether knowingly or by mistake.

After an additional 15 days (and in any case at a nearby date), the Court shall conduct a hearing in which it will determine what the objections, reservations, and/or queries of the respondents or the Court to which the petitioner shall relate, whether orally in that same hearing and/or in writing until the next hearing. A party that believes that its position and/or response did not receive attention in the Court's decision shall claim so in the hearing itself and, alternatively, shall claim so in writing and submit it before the next hearing.
